NELSON HARDIMAN
HEALTHCARE LAWYERS

Fraud & Abuse

No one defends healthcare providers against allegations of healthcare fraud and abuse better than Nelson Hardiman. The increasing size, scope, and aggressiveness of recent fraud investigations and prosecutions by the federal government, the State of California and private health insurers makes the need for experienced and sound counsel greater than ever.

We have defended countless fraud and abuse investigations. We are widely regarded as one of the most prominent fraud and abuse law firms in California, a reputation earned representing health care providers on all facets of criminal investigations and charges, civil False Claims Act (FCA) and fraud allegations, and administrative proceedings.

Our exemplary track record testifies to our keen knowledge and experience of healthcare compliance issues, including Medicare, Medi-Cal, and private insurance coverage. We develop compliance programs that minimize the risk of fraud and abuse investigations, counsel health care providers on how to avoid allegations, and how to respond when they arise, making us the go-to law firm to handle fraud and abuse investigations.
