The Future of Healthcare Privacy: Projecting What's Ahead and Planning Next Steps

LOS ANGELES, Calif., August 3, 2023 – Healthcare law firm Nelson Hardiman LLP will present the fifth and final session in its five-part webinar series analyzing the history, progression, and future of healthcare privacy on **Tuesday, August 15,** beginning at 12 noon PDT.

The series, *So You Thought You Knew Healthcare Privacy…*, is a relaxed but frank discussion about the current state of healthcare privacy, how we got here, and what the future could hold. It is hosted by founding partner Harry Nelson and attorney Adella Katz.

This next session of the webinar series is "The Future of Healthcare Privacy: Projecting What's Ahead and Planning Next Steps." With the constant evolution of technology and rapidly growing collection of health information, we will endeavor in our final webinar to project what the future of healthcare privacy will look like in the next few years, whether the federal government will close the country's privacy gaps faster than the States' individual efforts, and what lessons we should take away from the massive moment of healthcare privacy we are living in today.

Please join us on August 15!

This webinar is eligible for CLE credit. Please email marketing@nelsonhardiman.com following the webinar if you would like to apply for the credit.
