Importance of Addiction Treatment Facility Compliance

Speaking at the C-Suite Executive Symposium in Riverside on September 1, 2017, Harry Nelson implores addiction treatment executives to maintain compliant programs. Harry states that health plans are now doing site visits to distinguish the good guys from the bad guys. Programs that can evidence that they are in compliance will continue to get paid by the plans. Additionally, Harry discusses creating the American Addiction Treatment Association (AATA) to stay on top of the ever changing standards impacting the industry.
