Cures Act: Healthcare innovation, grab bag giveaway, or both?

Harry Nelson discusses the Cure's Act in the Hill's article "Cures Act: Healthcare innovation, grab bag giveaway, or both". While the ACA repeal may dominate headlines in coming weeks, it is expected to be delayed and will ultimately take years to unwind, pushing off its impact on patients and the healthcare industry indefinitely. Meanwhile, with bipartisan support, the Cure's Act's mandate will translate to significant immediate funding for medical research, investment and treatment for people suffering from mental health illness and addiction.
