

Microbusiness Licensing & Compliance Seminar

Join us to learn about vertical integration and what license type is right for your business. In an effort to help smaller operations compete in the legal adult-use cannabis landscape, the creation of a new license category: Type 12 – Microbusiness is giving smaller operations a competitive edge to compete against larger entities. The license type can also come with some challenges and drawbacks. Come learn about the benefits and drawbacks of vertical integration and learn what license type is right for you.

In conversation with industry thought leaders [Aaron Lachant](#), Partner at Nelson Hardiman, and [Evan Eneman](#), CEO of ELLO LLC.
