Negative Impact of the Republican Healthcare Bill

Nelson Hardiman Partner, Rob Fuller, was interviewed by Lori Lundon on Voice of America's International Edition about the Congressional Budget Office (CBO) analysis of the Republican healthcare bill. Starting at 8:35, Rob discusses why the CBO's projection of 23 million Americans losing health insurance under the AHCA is likely optimistic. He also posits that workers with employer based insurance will also be negatively impacted by the bill.
